# P2 HD Recording Adaptor CR-P2HD

The CR-P2HD is a P2 HD recording adaptor for Hitachi's high-performance portable HDTV cameras SK-HD1000 and Z-HD5000.

## Features

### 1) P2-Format Recording

High-speed access, large capacity, compact, high-reliability of solid state memory and established P2 card benefits are provided.

- HDTV Audio and Video can be recorded for about 128 minutes (when using AVC-Intra 100 64GB P2card x2).
- Instantaneous recording start, low power consumption, and resistance to extreme temperatures and physical handling.

### 2) P2 recording player

With built-in P2 SLOTS (x2) and an LCD monitor, the recorded P2card audio and video can be checked on the spot.

### 3) Dockable unit

The CR-P2HD docks exclusively to HITACHI HDTV cameras model SK-HD1000 and Z-HD500. It enables the HITACHI HDTV cameras to become independent Field Recording cameras.

With this dockable recorder-player; the HITACHI HDTV cameras offer additional configuration flexibility that increase your "return-on-investment" and workflow efficiency.

### 4) HD-SDI / AUDIO OUT

HD-SDI digital video/ Analog AUDIO OUTPUTS, are standard features.

### 5) Advanced Ergonomics

When docked to HITACHI HDTV cameras, the system provides a low center of gravity which provides ease of use and comfort when using for long periods of time.

The unified solid chassis of the CR-P2HD makes for a robust, long-lasting design.

P2 Adaptor CR-P2HD Specifications					
1	Recording Format	AVC-Intra 100 / 50 DVCPRO HD	9	Power	DC12V (DC10.5~17.0V)
2	Video signal	1080 / 59.94i , 50i 720 / 59.94p , 50p	10	Power consumption	17W
3	Audio signal	48kHz/16bit x 4ch	11	Operating Temperature	0~40°C
4	Recording Media	P2 Card / 2slots	12	I/O	HD-SDI OUT, VIDEO OUT TC IN/OUT , GL IN DC IN/OUT , MIC IN AUDIO OUT IEEE1394 IN /OUT, USB2.0 (HOST,DEVICE)
5	Recording Playback Time AVC-Intra 100 AVC-Intra 50	When using 64GB P2card x 2 slot Approx. 128 minutes Approx. 256 minutes			
6	LCD Monitor	3.5" color LCD	13	Dimensions(mm) Weight	153(W) x 200(H) x 185(D) 2.5kg
7	Wireless Microphone Receiver	Azden "Slot-in" (option)	14	Microphone Holder (for SK-HD1000/ Z-HD500 cameras)	MH-1000 for long Mic(optional) MH-402 for short Mic(optional)
8	Battery Mounting Plate	IDX or Anton-Bauer type (specify when ordering)
