

RFM relay floor mount

Two sets of 11-gauge rack rail incorporated in to a 16-gauge steel top and bottom allow simple assembly of our RFM racks. Channel stiffeners are supplied, adding strength to this self-squaring unit. Rails tapped 10-32. Available in sizes from 24 to 42 rack spaces. Rack will handle up to 145 pounds. Fifty rack screws provided. Finished in black powder coat.

RCM cable manager

Cable manager mounts to either side of, or in between, two of our Relay Floor Mount racks allowing abundant room for cable passage. The channel measures a generous six inches wide by four and a half inches deep with easy access from the rack. The cable manager comes in twenty rack space (36 inch) sections. The covers are easy on-easy off with quarter turn slotted head fasteners.

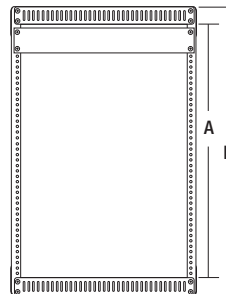

Model	Panel Space	Depth	Width	Height
RFM-24	42" 24 space	5" top 17" bottom	19-1/2"	47.5"
RFM-35	61-1/4" 35 space	5" top 17" bottom	19-1/2"	66-3/4"
RFM-42	73-1/2" 42 space	5" top 17" bottom	19-1/2"	79"

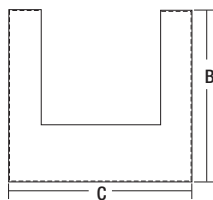

RWM relay wall mount

The RWM assembles quickly and easily and is the perfect choice for wall mounting communication and data components. Employing heavy duty rack rail tapped 10-32 with an all steel housing, this self-squaring rack is 18 inches deep at the base and 19.75" wide. It is finished in rugged black powder coat. Fifty rack screws provided. The RWM is available in any size from 13 to 42 spaces.

Model	Panel Space (A)	Depth (B)	Width (C)	Height (D)
RWM-13-18	22.75"	18"	19.375"	26.25"
RWM-24-18	42"	18"	19.375"	45.5"
RWM-42-18	73.5"	18"	19.375"	77"
